Agitprop

Part 10

Sound System, Carpentry, Painting and Catering

Revolutionary Catering

Portable PA systems, for 200 people and for 2000 people

Sound Engineer and System

Wal Hannington, writing a long time ago, pointed out that a sound system that does not work, is a curse.

The Mipro range gives compact, robust, portable public address with wireless microphones at a reasonable price, if that is what people want. It is still not foolproof. You should always test the system and keep checking that it is working.

It is not the case that an audience will always let the platform know when they cannot hear.

Checks should be made with every speaker from all parts of the audience, more than once in every speaker's set.

Megaphones

**Portable 35W Public Address
With wireless microphone
Built in FM radio and USB
music player.**

**Car Roof Loudhailer Speakers
Amplifier**

More affordable systems

The second illustration is of systems on offer from a shop in Fordsburg, Johannesburg. The small Public Address is the best value at R438 including FM radio.

If a branch can have its own equipment of this kind then it will be able to get on with its work without waiting for borrowed equipment. The 5 Core prices are:

PA

Portable, rechargeable 35W (loud) Public Address system, with wireless microphone.

Plays music from a USB port and has a built-in FM radio receiver: **R438**.

This PA equipment will do everything you need for meetings and functions.

Megaphone

Megaphone with additional speaker, battery-operated (takes 6 batteries). **R90**. Other models are available.

Loudhailer

Car Loudhailer speakers, **R150** or less (each). Separate amplifier, **R325**.

Roof bar not included.

These prices should be affordable for most branches. [Shop no longer there!]

Agitprop, Part 10a

Armed Worker (Soviet Poster)

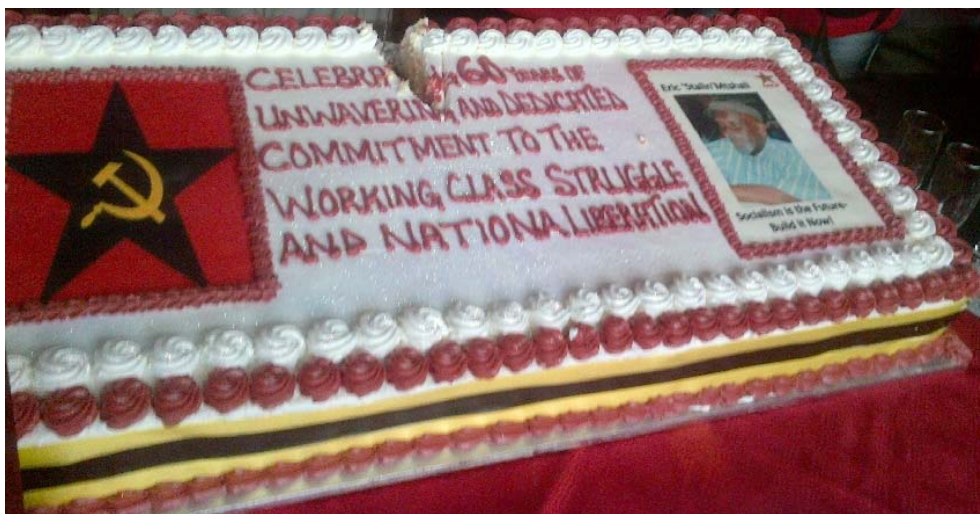

Carpenter and Painter

Carpenters and painters are needed when you get into different ways of making your point.

One would be the making or rigging of exhibition stands as shown in the previous part.

There are many ways in which skilled workers of all kinds can generate propaganda.

Agitprop, Part 10b

Cake for 60th Anniversary of Cde Eric Stalin Mtshali's Party membership

Catering

The above is an example of revolutionary catering.

There is also the question of whether to feed or not to feed, a meeting or a political education session. It is always a draw-card if you can organise food.
